Mr. Mubeen

Ganesh Nagar

Kodad, Telangana 508200

Dear Better Tomorrow Foundation

My name is Mr. Mubeen and I am currently undergoing Peritoneal dialysis from past 8+ years. My current condition is critical well I depend on dialysis medication due to my both kidney failure which has also affected my lungs, heart, liver & my lower limbs with para paralysis which make difficult in walking by my own & do my work by myself.

I am writing to you to request to support me & my current condition. Just a small donation of ₹5450/- can help me to accomplish my financial need. Your donation will be only used for medication i.e. Baxter fluid bags for Dialysis only.

This will be very much helpful for me to survive my current critical condition with your continuous support. Thank you for adding days to my life

Mubeen
Sincerely
Mohammad. Mubeen
Female, Age: 26.
